There is a tremendous need for new officials – games are plentiful and assigners are anxious to use SWOSUS graduates. We will work to insure that you begin your career at a level where you are comfortable - whether it is school games or recreation softball. **The class is targeting female and minority participants but is open to all.** While most students have typically been adults OHSAA regulations now allow high school students of all ages to participate in these classes. Our instructional team has successfully trained hundreds of officials of all ages using this popular and effective accelerated schedule.
